

Power Peers Network

A forum to explore the heroic nature of who you truly are

www.creatingclaritynow.com

Our Vision

People from all walks of life meet as peers to explore and support efforts to create, work, and live expressing true power as a collaborative force for good.

Join with Power Peers Who Benefit from the Network

Critical thinkers who thrive when engaging new perspectives from other peers
Brave beings called to stand in uncertainty so a deeper order can show itself
Collaborative leaders thrilled to have a safe forum to develop new ideas for action
Successful individuals who find the "something more" they have been seeking

**Now, more than ever we need to explore
what is possible going forward.**

**We invite Power Peers to join us for deep and meaningful conversations
to learn, clarify and adapt.**

Network Logistics

One-hour videoconference calls guided by Laura Piening, creator of Power Peers Network

Conversations begin with big concepts like courage, trust, knowing, and power; then evolve as participants lead one another into new realizations and clarity.

Participants may attend four calls per month; calls held mornings and evenings.

Conversations follow the Conversation Café guidelines.
